

SANDY LAKE
REHABILITATION & CARE CENTER

WEEKLY UPDATE

06/24/2020

Dear Residents and Families/Representatives,

We are happy to report that, as of today, Sandy Lake Rehab has **no confirmed cases of COVID-19**. We continue to follow the recommendations of our health officials and practice the enhanced safety measures that are listed on our website and previous communications.

We know the past few months have been a big adjustment for everyone, especially our residents. While our staff is working is very hard to make sure they are safe, we also want to make sure they are having some fun!

As always, please continue to check our website for updates. We will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

We have been putting a few new things in place this week. We have asked each resident to wear a mask if they are outside of their room. We'd like to encourage you to make or purchase mask for your family member so it is personalized for them. Please be sure to label it with their name or note it on their inventory sheet as it goes through our laundry process.

If you have any questions or concerns please contact us directly 972.462.6600

Sincerely,

Mark Johnston
Administrator
